PEN PORTRAITS

New Members without Portfolio on the Members' Committee.

Andy Hutchinson

Andy has been a member of the club since 1975, playing and captaining both tennis and squash teams for many years. His parents, brothers and daughters have all been active members of the club and his father was the squash chairman in the 80s. Andy recently retired from running a busy dental practice which he was involved with for 35 years. He has represented Yorkshire in county tennis for several years, sometimes in the same team as Simon Ickringill, and now participates in seniors tennis tournaments around the country as well as being the Yorkshire county coordinator for men's seniors tennis. He has won several national age group titles and has represented GB twice in the Seniors World Championships, most recently in Miami in 2022. Over the years he has been to hundreds of tennis clubs and has many connections within the LTA. Having seen the club grow from a wooden clubhouse, with no indoor courts, to the respected, impressive club it is now, Andy feels he has much to offer the Members' Committee in its future exciting developments.

Chris Smith

Chris and his family have been active members of the club for several years. He played tennis as a junior at both Heaton and David Lloyd Leeds before moving to Ilkley 13 years ago. Chris has also played a number of other sports such as rugby, ice hockey, karate and boxing. He is very passionate about the club and its position within the wider community of Ilkley and wants to work towards preserving and maintaining its image and tradition whilst making sure we stay relevant to the next generations of new members. Chris describes himself as a serial entrepreneur with a focus on start-ups, who has started, sold and consulted with a number of businesses in hospitality, property development and fashion, two of which were nominated for the Fast Track 100 fastest growing UK companies.
